

SHAZAM BOLT\$ has been renamed Brella! The app will still be your go-to place to monitor your debit card and keep it secure. iPhones will update to Brella automatically. Android users will need to download the new app in May. All of your BOLT\$ usernames, passwords, registered cards and app functions will continue to work in Brella as they do today.

These options include: **access balance information**, **setup fraud transaction alerts**, and **temporarily block and unblock** your card anytime, anywhere via your smartphone or the Internet. Download the new Brella app today and begin personally monitoring your own debit card!

## Potential Fraud Alerts

Brella easily alerts SHAZAMChek® cardholders to any potentially fraudulent activity including:

- A debit purchase for more than an amount you specified
- Any card-not-present debit transaction (telephone orders, Internet orders, mail orders, etc.)
- Any suspicious or high-risk transaction that occurs on your cardholder's account

## Transaction Control

Brella allows you to temporarily block and unblock your card anytime with a simply swipe on your mobile phone or click on the computer.

Transaction Control now includes **transaction block and temporary card block options!**
